

1. Wind RFI

- a. Johnson and Wales University - This morning Bill Martin informed me that he spoke with, about the project. We have finally received preliminary administration the (University Vice President of Facilities Management, Merlin Deconte) approval to move forward. The VP was in support of the idea and responded enthusiastically. The next step is to formally present the project to the Administration, including the Financial and Legal Departments. JWU has received a proposal from
- b. URI – Presentation to President
